

WINTER

## WINTER TERMINOLOGY

### Winter Storm Watch -

Issued when heavy snow accumulations or significant sleet or ice are possible.

### Winter Storm Warning -

Issued when heavy snow accumulations or significant ice or sleet are occurring or are imminent.

### Heavy Snow Warning -

Issued when 4 inches of snow in 12 hours or less or 6 inches of snow in 24 hours or less is expected.

### Snow Advisory -

Issued when less than 4 inches of snow is forecast.

### Ice Storm Warning -

Issued when freezing rain or drizzle will result in ice accumulations of 1/4 inch or more.

# It's A "maze"ing

You should know never to look directly at the sun but in this case we will make an exception. Can you find your way through this maze from one side to the other? It's trickier than it looks so give yourself lots of time or you won't have a "ray" of hope. When you are done, I am sure you will be "beaming".
